

OpenText[™] Axcelerate[™] Cloud

Axcelerate Cloud is fully-inclusive, subscription-based access to Axcelerate's powerful analytics and machine learning in an ultra-secure cloud infrastructure with flexible self-service administration. Finally, you're in control.

No limits. No compromises.
Consolidate with the **best** discovery platform.

Security

Reduce your risk. Consolidate data access for all counsel and service providers in a secure, virtual private cloud with total administrative control. Axcelerate leverages Amazon Web Services (AWS) data facilities with state-of-the-art security, uptime and business continuity.

Scalability

Meet your goals. Get started fast with zero overhead, nothing to install, online training via Axcelerate University and flexible data tiers via AWS. Plus, Axcelerate's proprietary CORE (XML/NoSQL) technology enables thousands of users to search across billions of records in seconds.

Visibility

Know your data. Manage discovery as a business process using sophisticated controls and Business Intelligence with Efficiency Scoring. Evaluate performance across service providers, legal teams and case types—and always know exactly where your projects stand.

Predictability

Control your costs. Eliminate infrastructure costs while dramatically lowering hosting rates. Each Axcelerate Cloud subscription features unlimited data processing, productions, user seats and advanced analytics—including Axcelerate's best-in-industry continuous machine learning.

“As part of our assessment of OpenText Axcelerate Cloud, we analyzed the security parameters and recognized that a distributed cloud-based implementation, when well architected, is at least as secure as having an on-premises installation.”

- David Stanton, Pillsbury Winthrop Shaw Pittman LLP

The best and most complete discovery platform

Axcelerate’s award-winning visualized and automated user experience empowers legal teams to achieve new heights of investigation and review efficiency. Industry-leading analytics and continuous machine learning help attorneys evaluate risk, find the facts that matter and review only what they need. Named “Best eDiscovery Review Platform” by Legaltech News, no other platform does more to facilitate intelligent and cost-effective discovery.

Predictable subscription pricing—services optional

Axcelerate Cloud annual subscriptions are based on committed data tiers. Unlimited users, processing, productions and analytics are included in each tier with burst capacity and flexible scaling as needed. Constant monitoring and automatic upgrades keep users up to date with the latest advantages, without any hardware or staffing costs. Self-service your discovery projects from ingestion to production, or leverage OpenText Professional Services at any time.

Axcelerate Cloud and OnDemand: Choosing the right fit

Legal teams have different needs: with Axcelerate Cloud and OnDemand you can choose the deployment that makes the most sense for you. Pay-as-you-go for individual OnDemand projects hosted in a multi-tenant cloud with services by Axcelerate. Or subscribe to Axcelerate Cloud for unlimited projects hosted in a virtual private cloud with optional self-administration from ingestion to production.
